Cookies. To facilitate and customize your experience with the Website, we store cookies on your computer. A cookie is a small text file that is stored on a User's computer for record-keeping purposes which contains information about that User. Cookies also allow us to collect Non-Personally Identifiable Information from you, like which pages you visited and what links you clicked on. Use of this information helps us to create a more user-friendly experience for all visitors. In addition, we may use Third Party Advertising Companies to display advertisements on our Website. We may use other industry standard technologies like pixel tags and web beacons to track your use of our Website pages and promotions, or we may allow our Third Party Service Providers to use these devices on our behalf. Pixel tags and web beacons are tiny graphic images placed on certain pages on our Website, or in our emails that allow us to determine whether you have performed a specific action. When you access these pages or open or click an email, pixel tags and web beacons generate a Non-Personally Identifiable notice of that action. Pixel tags allow us to measure and improve our understanding of visitor traffic and behavior on our Website, as well as give us a way to measure our promotions and performance. We may also utilize pixel tags and web beacons provided by our Affiliates and/or Marketing Partners for the same purposes.
