“The following is a direct script of a teaching that is intended to be presented via video, incorporating relevant text, slides, media, and graphics to assist in illustration, thus facilitating the presentation of the material. In some places, this may cause the written material to not flow or sound rather awkward in some places. In addition, there may be grammatical errors that are often not acceptable in literary work. We encourage the viewing of the video teachings to complement the written teaching you see below.”

2022 End of Year Update

Shalom, everyone! 2022 is coming to a close, and we just want to take a quick look at what we’ve been doing over the past year, and give you a preview of our plans for 2023.

Before we do, we want to say thank you to everyone who has supported us financially over the last year. Your contributions are what make it possible for us to provide free, high-quality content that spreads the gospel of Yeshua, and the blessings of obeying God.

As we approach the end of the year, we are praying that YHWH would put it on the hearts of our friends and supporters to help us continue this work. Would you consider partnering with us in 2023 by making a one-time donation? Right now is a great time to make your tax deductible gift before the end of the year.

To all of our supporters, thank you for partnering with us to share God’s word with the nations. We couldn’t do it without you.

In 2022, we released 51 teachings, which were watched for a total of 260,000 hours. We’ve been remastering some of our older teachings, improving their production quality and trying to make them as accurate and accessible as possible. This year, we finished remastering our Pauline Paradox series, which addresses the difficult words and phrases found in the epistles of Paul, including Romans, Ephesians, and Galatians. We also made two series’ in our new studio going verse by verse through the books of 1 Peter and Daniel. We addressed some big doctrinal issues in, “What is the Law of Christ?” and “Matters of Opinion,” resolving some apparent scriptural contradictions between Paul’s writings and the Torah. And our “One Flesh” series covered the basics of Biblical morality on the subjects of marriage and divorce.

We have big plans for the coming year as well; in 2023, Yahweh willing, we will continue to remaster and improve our older content. We will also be continuing with our Daniel and 2 Peter series, and we have some more big topics that we’ll be diving into, including an updated look at speaking in tongues, and a study on circumcision in the New Testament. In addition to the in-depth studies, we are also

producing more short, easy-to-watch videos that will grab people's attention and hopefully be helpful in sharing this message with your friends and family.

We're also going to be making our material more accessible than ever. We will soon be offering disk drives that contain our entire catalogue of teachings, nearly 700 teachings in fact, so that they can be viewed and distributed even where the internet is not available.

We are blessed to be able to produce all of these teachings and projects for God's glory and the edification of the body.

In light of the needs we have to do all that YHWH has put on our hearts to do, we ask that you would partner with us by making an extra one-time donation before the end of the year. Again, we are so grateful for your support over the past year.

We praise YHWH for supplying all our needs, and we are looking forward to seeing what He does in 2023. Shalom!

We pray you have been blessed by this teaching. Remember, continue to test everything. Shalom! For more on this and other teachings, please visit us at www.testeverything.net

Shalom, and may Yahweh bless you in walking in the whole Word of God.
